

## TOWN OF LADY LAKE

### Solid Waste Collection Information for Residential Customers

**Definition of Solid Waste:** includes household garbage, yard trash, and bulk items.

**Limit:** There is a 3 cubic yard limit for solid waste each collection day. Amounts exceeding the 3 cubic yard limit will be picked up the next collection day, provided any additional amounts put out does not cause the daily limit to be exceeded.

Solid waste exceeding 3 cubic yards can be picked up for a fee. You may order the special pickup by calling Waste Management at 787-4416.

**Household garbage containers** may be sealed plastic bags or regulation 30 to 32 gallon garbage cans. No bag or can should exceed a 40 pound weight limit of household generated garbage. All household garbage will be taken on collection day.

**DO NOT USE RED COLORED BAGS AS THIS BAG IS USED FOR BIO-HAZARDOUS MEDICAL WASTE ONLY.**

If the garbage bags tear, split, or are ripped open before collection, it is the responsibility of the homeowner to clean up the spillage.

**Garbage cans** must have handles, tight fitting lids, be free of sharp and jagged edges, and the bottom of the cans must be intact. Broken glass should be wrapped in newspaper and only placed in garbage cans for safe disposal.

**Cardboard boxes** should be flattened and bundles.

**Yard trash** is defined as grass clippings, leaves, shrubbery, and tree cuttings, pine needles, palm fronds, etc. Yard trash must be no more than 6 feet in length and no more than 6 inches in diameter and should be stacked neatly at the curb. Leaves, grass clippings, and pine needles must be bagged or containerized. No bag or can should exceed the 40 pound weight limit.

**Bulk items** (furniture, carpeting, appliances, etc.) should be placed at the curb collection point. Appliances do require special pickup and

arrangements can be made by calling Waste Management at 787-4416. Refrigerators and freezers should have the doors removed.

Place all items at the curb within 3 to 5 feet of the edge of the traveled portion of the road. Do not place items over water meters or under low hanging tree limbs or utility wires.

All items must be at the curb by 7 a.m. on the day of collection. Remove containers from the curb at the end of the day.

**Hazardous wastes**, such as lawn or pool chemicals, tires, etc. **will not** be picked up. For latex paint (water based) disposal, remove the lid, let any paint in the can dry, then place in a household garbage container. Residents must take unwanted tires to any tire retailer for recycling. There is a small disposal fee required by the State of Florida.
